INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the Borough Council Borough of East Rutherford, New Jersey

Report on the Financial Statements

We have audited the accompanying comparative balance sheets – regulatory basis of various funds of the Borough of East Rutherford, in the County of Bergen, State of New Jersey (the "Borough"), as of December 31, 2020 and 2019, and the related comparative statements of operations and changes in fund balance – regulatory basis for the years then ended, and the related statements of revenues and expenditures – regulatory basis and comparative statement of general fixed assets group of account – regulatory basis for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements – regulatory basis (the "financial statements") in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and in compliance with audit requirements as prescribed by the Division. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Borough's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note I, the financial statements are prepared and presented by the Borough on the basis of the financial accounting and reporting principles and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirement of the State of New Jersey for municipal government entities. The effects on financial statements of the variances between the regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of each fund of the Borough as of December 31, 2020 and 2019, or the changes in financial position for the years then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the accompanying comparative balance sheet – regulatory basis of the various funds of the Borough as of December 31, 2020 and 2019, and the results of the comparative statements of operations and changes in fund balance of such funds – regulatory basis for the years then ended, and the revenues and expenditures – regulatory basis of the various funds, and general fixed assets group of accounts for the year ended December 31, 2020, in accordance with accounting principles and practices prescribed by the Division as described in Note 1.

Other Matters

Required Supplementary Information

The Borough has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. A management discussion and analysis is not required by the financial accounting and reporting principles and practice prescribed by the Division, to supplement the financial statements and therefore it has not been presented by management. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough's basic financial statements. The supplemental schedules and the schedules of expenditures of federal, state and county/other financial assistance are presented for purposes of additional analysis as required by the Division and are not a required part of the basic financial statements.

The supplementary schedules and schedules of expenditures of federal, state and county/other financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole on the basis of accounting described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued a report dated September 21, 2021 on our consideration of the Borough's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Borough's internal control over financial reporting and compliance.

1. Summary of Significant Accounting Policies

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The GASB Codification establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America (GAAP).

The financial statements of the Borough of East Rutherford (the "Borough") have been prepared in conformity with accounting principles and practices prescribed by the Division of Local Government Service, Department of Community Affairs, State of New Jersey (the "Division"), which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds which differ from the fund structure required by GAAP.

A. Reporting Entity

The Borough operates under an elected Mayor/Council form of government. The Borough's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, and general administrative services.

GASB has issued Statement No. 14, which requires the financial reporting entity to include both the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board and either a) the ability to impose will by the primary government or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government.

However, the municipalities in the State of New Jersey do not issue financial statements in accordance with GAAP, and thus, do not comply with all of the GASB pronouncements. The financial statements contained herein include only those boards, bodies, officers, or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the Borough do not include the municipal library, volunteer fire department or volunteer ambulance squad, which are component units under GAAP.

B. Fund Accounting

The accounting policies of the Borough conform to the accounting principles applicable to municipalities which have been prescribed by the Division. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions, and as a means of reporting on the stewardship of public officials with respect to public funds. The accounts of the Borough are organized on the basis of funds or account groups, each of which is considered to be a separate accounting entity. The operations of each fund or account group are summarized by providing a separate set of self-balancing accounts which include its assets, liabilities, fund equity, revenues, and expenses or expenditures. The following funds and groups of accounts are used by the Borough:

Current Fund - resources and expenditures for governmental operations of a general nature.

<u>Trust Fund</u> - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created. The Division regulates the accounting for these funds.

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities other than those acquired in the Current Fund.

Sewer Utility Fund - receipt and disbursement of funds for sewer utility operations.

Grant Fund - receipt and disbursement of funds from Federal and State Grants.

General Fixed Assets - The General Fixed Assets Account Group is used to account for fixed assets used in governmental fund type operations for control purposes. All fixed assets are valued at historical cost or insurable cost if the actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date of donation. No depreciation is recorded on general fixed assets.

1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the accounting principles and practices prescribed by the Division in accordance with the regulatory basis of accounting. Measurement focus indicates the type of resources being measured. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

All governmental funds, proprietary funds and expendable trust funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

A modified accrual basis of accounting is followed by the Borough. Under this method of accounting, revenues, except for State/Federal Aid, are recognized when received and expenditures are recorded when incurred. The accounting principles and practices prescribed for municipalities by the Division differ in certain respects from generally accepted accounting principles (GAAP) applicable to local government units. The more significant differences are as follows:

Revenues - Revenues are recorded when received in cash except for certain amounts which are due from other governmental units. Receipts from Federal Revenue Sharing funds and other Federal and State grants are realized as revenue when anticipated in the municipal budget. Receivables for property taxes are recorded with offsetting reserves on the statement of financial position of the municipality's Current Fund. Accordingly, such amounts are not recorded as revenue until collected. Other amounts which are susceptible to accrual that are due the municipality are recorded as receivables with offsetting reserves and are recorded as revenue when received.

<u>Miscellaneous Revenues</u> - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the Borough's financial statements. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

<u>Utility Rents</u> - Utility charges are based on prior year's actual water consumption. Revenues from these sources are recognized on a cash basis. Receivables that are susceptible to accrual are recorded with offsetting reserves on the statement of financial position of the Borough's sewer utility operating fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual and to be reduced by an allowance for doubtful accounts.

<u>Grant Revenues</u> - Federal and State grants, entitlement or shared revenues received for purposes normally financed through the Current Fund, are recognized when anticipated in the Borough's budget. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual.

Budgets and Budgetary Accounting - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the Division per N.J.S.A. 40A:4 et seq. Transfers can be made during the last two months and the first three months of the following year. The budget may also be amended by emergency appropriation, which must be raised in the succeeding year's budget. Special items of revenue and corresponding expenditure may be added to the budget with special written consent from the Division (Chapter 159).

The Borough is not required to adopt budgets for the following funds:

Trust Funds General Capital Fund Sewer Capital Fund

Expenditures - Expenditures are recorded in the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations at December 31 are reported as expenditures through the establishment of appropriation reserves, unless canceled by the governing body. Except for unmatured interest on general long-term debt which should be recognized when due, GAAP requires expenditures, if measurable, to be recognized in the accounting period in which the fund liability is incurred.

<u>Encumbrances</u> - Contractual orders outstanding at December 31 are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Accounting

<u>Appropriation Reserves</u> - Appropriation Reserves are available, until lapsed, at the close of the succeeding year to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

<u>Compensated Absences</u> - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

<u>Property Acquired for Taxes</u> - Property acquired for taxes is recorded in the Current Fund at the assessed valuation when such property was acquired and fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at market value on the date of acquisition.

<u>Self-Insurance Contributions</u> - Payments to self-insurance funds are charged to current budget appropriations. GAAP requires payments to be accounted for as an operating transfer and not as an expenditure.

<u>Interfunds</u> - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

<u>Inventories</u> - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of financial position.

<u>Cash and Investments</u> - Cash includes amounts in demand deposits, as well as short-term investments, with a maturity date within one year of the date acquired by the government. Investments are stated at cost and are limited by N.J.S.A. 40A:5-15.1(a).

Incurred but Not Reported (IBNR) Reserves - The Borough has not created a reserve for any potential unreported losses which have taken place, but the Borough has not received notice or report of losses. Additionally, the Borough has not recorded a liability for those claims, which have been filed but have not yet been paid. GAAP requires the establishment of reserves for such potential claims.

Tax Appeals and Other Contingent Losses - Losses arising from tax appeals and other contingent losses are recognized at the time a decision is rendered by an administrative or judicial body and not when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.

<u>Use of Estimates</u> - The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates

General Fixed Assets – N.J.A.C. 5:30-5.6 accounting for governmental fixed assets continues the requirement that all local units shall have and maintain a fixed assets accounting and reporting system that differs in certain respects from GAAP. The fixed assets accounting and reporting system shall establish and maintain a physical inventory of fixed assets of non-expendable, tangible property as defined and limited by the U.S. Office of Management and Budget Circular 87, Cost Principals for State, Local and Indian Governments and shall place a value on all fixed assets whether constructed or acquired through purchase, grant, or gift. Fixed assets acquired after December 31, 1985 shall be valued on the basis of actual cost; prior to that time, they may be valued at cost or estimated historical cost. The fixed assets accounting and reporting system shall also have a subsidiary ledger, consisting of detailed property records for controlling additions, retirements and transfers of fixed assets and such ledger shall be maintained and reconciled periodically at the end of every fiscal year with the general ledger control accounts for fixed assets. The system shall also provide property management standards for fixed assets that ensure that property records are maintained accurately to reflect a description and source of the property, its ownership, the acquisition cost and date, the percentage of Federal participation in the acquisition, and the location, use and condition of the property. Property management standards for fixed assets shall also ensure that periodic physical inventories are taken and reconciled with property records, that a control system is provided with adequate safeguards against loss, damage, or theft of property, and that property is adequately maintained to keep the property in good condition. A Statement of General Fixed Assets shall be in every annual audit report.

Property and equipment purchased by the Sewer Utility Fund are recorded in the capital account at cost and are adjusted for disposition and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization account in the Utility Capital Fund represent charges to operations for the costs of acquisition of property, equipment and improvements. The utility does not record depreciation on fixed assets.

1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Accounting (Continued)

<u>Deferred Charges to Future Taxation Funded and Unfunded</u> – Upon the authorization of capital projects, the Borough establishes deferred charges for the costs of the capital projects to be raised by future taxation. Funded deferred charges relate to permanent debt issued, whereas unfunded deferred charges relate to temporary or nonfunding of the authorized cost of capital projects. According to N.J.S.A. 40A:2-4, the Borough may levy taxes on all taxable property within the local unit to repay the debt. Annually, the Borough raises the debt requirements for that particular year in the current budget. As the funds are raised by taxation, the deferred charges are reduced.

<u>Comparative Data</u> - Comparative data for the prior year has been presented in the accompanying financial statement in order to provide an understanding of changes in the financial position and operations. However, comparative data has not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

Foreclosed Property - Foreclosed property is recorded in the Current Fund when such property was acquired and fully reserved.

D. Basic Financial Statements

The GASB Codification also defines the financial statements of a governmental unit to be presented in accordance with GAAP. The Borough presents the financial statements listed in the table of contents, which are required by the Division, and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

2. Cash and Cash Equivalents

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Borough's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A: 5-15.1(a) that are treated as cash equivalents. As of December 31, 2020 and 2019, \$0 of the Borough's bank balance of \$17,170,990.45 and \$20,030,748.74 was exposed to custodial credit risk, respectively.

3. Investments

Interest Rate Risk. The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 40A: 5-15.1(a) limits the length of time for most investments to 397 days.

Credit Risk. New Jersey Statutes 40A: 5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowable investments are Bonds of the United States of America or of the Local unit or school districts of which the local unit is a part of; obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk. The Borough places no limit on the amount the Borough may invest in any one issuer.

As of December 31, 2020 and 2019, the Borough had no investments.

4. Municipal Debt

Bond Anticipation Notes:

The Borough issues bond anticipation notes to temporarily fund various capital projects prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. Generally, such notes must be paid no later than the first day of the fifth month following the close of the tenth fiscal year following the date of the original notes. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of an amount at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid or retired. A second and third legal installment must be paid if the notes are to be renewed beyond the fourth and fifth anniversary date of the original issuance.

On December 31, 2020, the Borough had bond anticipation notes outstanding for the General Capital Fund. Reference to schedule C-16 and D-19 will show the annual interest rates for each note if applicable.

The following activity related to bond anticipation notes occurred during the calendar year ended December 31, 2020:

	1	Beginning						Ending	
	Balance		Additions			Reductions	Balance

	Total Overla	apping Debt		\$23,131,180

- (1) The County of Bergen has \$1,501,939,983 in gross long-term and temporary debt. The Borough's net share is obtained by dividing the Borough's equalized valuation \$2,613,909,089 by the County's equalized valuation \$185,063,253,183.
- (2) Overlapping debt was computed based upon municipal flow to the Authority for 2019.

5. Capital Leases Payable

On August 8, 2017, the Borough entered into a lease agreement with Ford Credit Company for two Chevrolet Tahoes with equipment for three years with annual payments of \$40,619.31, to be used by the Police Department. The fair market value of the vehicles was \$116,673.00.

On January 16, 2019, the Borough entered into a lease agreement with Leasing Servicing Center, for a Volvo garbage truck for 5 years with annual payments of \$51,883.44, to be used by the Department of Public Works Department. The fair market value of the garbage truck was \$234,166.20.

On January 20, 2020, the Borough entered into a lease agreement with KS State Bank, for a 2021 Ford Police Inceptor for 3 years with annual payments of \$12,967.00, to be used by the Police Department. The fair market value of the vehicle is \$36,742.

Total payments for the leases amounted to \$ 64,850.44 and \$92,502.75 in 2020 and 2019, respectively. These lease-purchase agreements include a \$1.00 buyout at the end of the lease periods; the assets will become Borough property.

		Principal	Interest			Total
2021	\$	58,464.00	\$	6,386.44	S	64,850.44
2022		61,574.16		3,276.28	_	64,850.44
	S	120,038.16	S	9,662.72	\$	129,700.88

6. Deferred Charges to be Raised in Succeeding Budgets

Certain expenditures are to be deferred to budgets of succeeding years. At December 31, 2020, there were no deferred charges were shown on the statement of financial position of Current Fund and Sewer Utility Fund:

7. Local District School Taxes

Local District Tax and Regional High School Tax have been raised and liabilities deferred by statute.

		Local Schoo Balance De			Regional High School Tax Balance December 31.

11. Retirement Plans

Description of Plans

Substantially all of the Borough's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute; the Police and Firemen's Retirement System (PFRS) or the Public Employees' Retirement System (PERS). Those systems are sponsored and administered by the State of New Jersey and are considered cost sharing multiple-employer plans. According to the State of New Jersey Administrative Code, all obligations of the systems will be assumed by the State of New Jersey should the systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for PERS and PFRS. This report may be obtained by writing to the Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625 or can be found at http://www.state.nj.us/treasury/pensions/financial-reports.shtml.

Summary of Significant Accounting Policies -PERS and PFRS

GASB 68, Accounting and Financial Reporting for Pensions, is effective beginning with the year ending June 30, 2015. The objective if this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement replaces the requirements of Statement No. 27, Accounting for Pensions by State and Local Governmental Employers, as well as the requirements of Statement No. 50, Pension Disclosures, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria.

Amendments to and further clarification of GASB 68, include GASB 71, Pension Transition for Contributions Made Subsequent to the Measurement Date, GASB 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement 68 and Amendments to Certain Provisions of GASB 67 and 68., and GASB 78, Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans.

New Jersey municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the net pension liability as a liability on their balance sheets. However, N.J.A.C. 5:30-6.1(c)(2) requires municipalities and counties to disclose GASB 68 information in the Notes to the Financial Statements. Therefore, the following information with regards to GASB 68 is for disclosure purposes only.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms, Investments are reported at fair value.

Public Employees' Retirement System (PERS)

The Public Employees' Retirement System was established in January 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020 and June 30, 2019, the Borough has disclosed a liability of \$6,741,596 and \$7,359,417 respectively, for its proportionate share of the net pension liability for reporting purposes only. The net pension liability was measured as of June 30, 2020, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The total pension liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of July 1, 2018. The Borough's proportion of the net pension liability is based on the ratio of the contributions as an individual employer to total contributions to the PERS during the years ended June 30, 2020 and 2019. At June 30, 2020, the Borough's proportion was .0413408% which was an increase of .0004971% from its proportion measured as of June 30, 2019 of .0408437%.

11. Retirement Plans (Continued):

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2020, the Borough recognized pension expense of \$381,525.40, as measured on June 30, 2020. At June 30, 2020 and 2019, the Borough had deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

		June 3	0, 202	0		June 3	30, 2019		
	Ī	Deferred	Deferred		Deferred			Deferred	
	Ou	itflows of		Inflow of	O	utflows of	10	Inflow of	
	R	esources	I	Resources	R	esources	Ī	Resources

Total	S	788,590	S	3,127,712	\$	1,131,655	\$	3.313,191	

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

		Year End	led June 30:
	2021	S	(845,947)
	2022		(771,246)
	2023		(440,748)
	2024		(178,231)
	2025		(38,548)
Total		S	(2,274,720)

Changes in Proportion-The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 5.16, 5.21, 5.63, 5.48, 5.57, 5.72 and 6.44 years for the years for the 2020, 2019, 2018, 2017, 2016, 2015 and 2014 amounts, respectively.

	6/30/2020	6/30/2019
Collective deferred outflows of resources	\$ 1,383,360,202	\$ 1,838,191,132
Collective deferred inflows of resources	6,885,726,332	6.333.756.090
Collective net pension liability (Non-State-Local Group)	16,435,616,426	18.143,832,135
Borough's portion of net pension liability	6.741,596	7,359,417
Borough's proportion %	0.0413407542%	0.0408437113%

Actuarial assumptions. The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The actuarial valuation used the following actuarial assumptions:

2.75%
3.25%
2.00% - 6.00% based on years of service
3.00% - 7.00% based on years of service
7_00%

11. Retirement Plans (Continued):

Public Employees' Retirement System (PERS)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued):

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Postretirement mortality rates were based on the PUB-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30,2018.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00 % at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2020 are summarized in the following table:

Asset Class	Target Allocations	Long-Term Expected Real Rate of Return		
US Equity	27.00%	7.71%		
Non-US Developed Market Equity	13.50%	8.57%		
Emerging Market Equity	5.50%	10.23%		
Private Equity	13.00%	11.42%		
Real Assets	3.00%	9.73%		
Real Estate	8.00%	9.56%		
High Yield	2.00%	5.95%		
Private Credit	8.00%	7.59%		
Investment Grade Credit	8.00%	2.67%		
Cash Equivalents	4.00%	0.50%		
US Treasuries	5.00%	1.94%		
Risk Mitigation Strategies	3.00%	3.40%		

Discount rate. The discount rate used to measure the total pension liability was 7.00% and 6.28% and as of June 30, 2020 and 2019, respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of the actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments to determine the total pension liability.

Public Employees' Retirement System (PERS)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued):

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following presents the Borough's proportionate share of the net pension liability measured as of June 30, 2020 and 2019, calculated using the discount rate of 7.00% and 6.28% respectively, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

		June 30, 2020		
	1% Decrease (6.00%)	<u>Rate</u> (7.00%)	1% Increase (8.00%)	
Borough's proportionate share of the net pension liability	\$ 8,486,545	\$ 6,741,596	\$ 5,260,959	
	1% Decrease	June 30, 2019 Rate	1% Increase	
Borough's proportionate share of the net	(5.28%)	(6.28%)	(7.28%)	
pension liability	\$ 9,296,140	\$ 7,359,417	\$ 5,727,454	

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at http://www.state.nj.us/treasury/pensions/financial-reports.shtml.

PERS Festing and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B. All benefits vest after ten years of service, except for medical benefits that vest after 25 years of service or under disability provisions of PERS. Service retirement benefits of 1/55th of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 with 30 years or more of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Police and Firemen's Retirement System (PFRS)

The Police and Firemen's Retirement System was established in July 1944 under the provisions of N.J.S.A. 43:16A to provide retirement, death and disability benefits to its members. Membership is mandatory for all full-time county and municipal police and firemen, and state firemen or officer employees with police powers appointed after June 30, 1944.

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after four years of service.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, and June 30, 2019, the Borough has disclosed a liability of \$20,416,008 and \$18,553,991, respectively, for its proportionate share of the net pension liability for reporting purposes only. The net pension liability was measured as of June 30, 2020, and the total pension liability to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The total pension liability for the June 30, 2019 measurement date was determined by an actuarial valuation as of July 1, 2018. The Borough's proportion of the net pension liability is based on the ratio of the contributions as an individual employer to total contributions to the PFRS during the years ended June 30, 2020 and 2019. At June 30, 2020, the District's proportion was .1580025 %, which was an increase of .0063906 % from its proportion measured as of June 30, 2019 of .1516119%.

11. Retirement Plans (Continued):

Police and Firemen's Retirement System (PFRS)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

A special funding situation exists for Local employers of the PFRS, in which the State of New Jersey is required to pay additional costs incurred by Local employers under Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993, and Chapter 201, P.L. 2001. Since the local participating employers do not contribute under this legislation, there is no pension liability, deferred inflows or outflows to report. The amount of the Borough's proportionate share of collective net pension liability at June 30, 2020 and June 30, 2019 was \$3,168,471 and \$2,929,710, respectively.

For the year ended December 31, 2020, the Borough recognized pension expense of \$ 1,531,448, as measured on June 30, 2020. At June 30, 2020 and 2019, the Borough had deferred outflows of resources and deferred inflows of resources related to PFRS from the following sources:

		June 30	2020			June 30, 2019		
		Deferred		Deferred	Ī	Deferred		Deferred
	C	outflows of		Inflow of	Ou	tflows of		Inflow of

Police and Firemen's Retirement System (PFRS)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Actuarial assumptions. The total pension liability for the June 30, 2020 measurement date was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The actuarial valuation used the following actuarial assumptions:

Inflation Rate:

Price 2.75% Wage 3.25%

Salary Increases:

Through all future years 3.25% - 15.25% based on years of service

Investment Rate of Return: 7.00%

Pre-retirement mortality rates were based on the Pub-2010 Safety Employee mortality table with a 105,6% adjustment for males and 102.5% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For healthy annuitants, postretirement mortality rates were based on the PUB-2010 Safety Retiree Below-Median Income Weighted mortality table with a 96.7% adjustment for males and 96% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries, the Pub 2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates were based on the Pub-2010 Safety Disabled Retiree mortality table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30,2018.

Long-Term Expected Rate of Return - In accordance with State statute, the long-term expected rate of return on plan investments (7.00 % at June 30, 2020) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2020 are summarized in the following table:

Asset Class	Target Allocations	Long-Term Expected Real Rate of Return		
US Equity	27.00%	7.71%		
Non-US Developed Market Equity	13.50%	8.57%		
Emerging Market Equity	5.50%	10.23%		
Private Equity	13.00%	11.42%		
Real Assets	3.00%	9.73%		
Real Estate	8.00%	9.56%		
High Yield	2.00%	5.95%		
Private Credit	8.00%	7.59%		
Investment Grade Credit	8.00%	2.67%		
Cash Equivalents	4.00%	0.50%		
US Treasuries	5.00%	1.94%		
Risk Mitigation Strategies	3.00%	3.40%

	(5.85%)	(6.85%)	(7.85)
Borough's proportionate share of the net pension			
liability	\$ 25,078,235	\$ 18,553,991	\$ 13,152,930

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued State of New Jersey Divisions of Pensions and Benefits financial report at http://www.state.nj.us/treasury/pensions/financial-reports.shtml.

PFRS Vesting and Benefit Provisions - The vesting and benefit provisions for PERS are set by N.J.S.A. 43:16A. All benefits vest after ten years of service, except for disability benefits that vest after 4 years of service. Retirement benefits for age and service are available at age 55 and are generally determined to be 2% of the final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tier 1 and tier 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement after achieving ten years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

11. Retirement Plans (Continued):

Police and Firemen's Retirement System (PFRS)

Funding Policy

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employees. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.5% for PERS and 8.5% for PFRS of the employees' annual compensation, as defined. Under the provisions of Chapter 78, P.L. 2012, PERS employee pension contribution rates increased from 5.5% to 6.5% of salary, effective October 1, 2012. An additional increase to be phased over the next 7 years will bring the total pension contribution rate to 7.5% of salary. PFRS employee pension contribution rates increased from 8.5% to 10% of salary, effective October 1, 2012. Employers are required to contribute at an actuarially determined rate in PERS and PFRS. The Borough's contributions to PERS and PFRS were as follows:

Year Ended	PERS	PFRS
December 31,	Amount	Amount
2020	\$ 381,525.40	\$ 1,531,448.00
2019	508,748.61	1,471,413.00
2018	377,232.22	1,433,702.00
2017	402,189.00	1,364,165.36

12. Defined Contribution Retirement Program

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 under provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007 and was expanded under the provisions of Chapter 89, P.L. 2008 and Chapter 1, P.L. 2010. The program provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. The Defined Contribution Retirement Program Board oversees the DCRP, which is administered for the Division of Pensions and Benefits by Prudential Financial.

Under DCRP, the value of the pension is based on the amount of the contributions made by the employees and employer and through investment earnings. The employee, through options provided under the plan, directs investment of contributions. The employee contribution to DCRP is 5.5% of defined salary and the employer contributes 3%. The employer also makes contribution for eligible members' life insurance and disability coverage under DCRP.

13. Employee Deferred Compensation Plan

The Borough maintains a Deferred Compensation Plan (the "Plan") in accordance with IRC Section 457 and State of NJ Deferred Revenue Regulation. Employees of the Borough are eligible to participate in the Plan. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency. The Borough does not and is not required to make contributions to the Plan.

The deferred compensation plan is administered by unrelated financial institutions. Under the terms of an IRC Section 457 deferred compensation plan, all deferred compensation and income attributable to the investment of the deferred compensation amounts are held in trust for the exclusive benefit of participants and their beneficiaries and is reported in our Review of the Employee Deferred Compensation financial statements for December 31, 2020 and 2019.

Reporting Requirements

The New Jersey Administrative Code NJAC 5:30-14.49 requires that the Borough perform a separate review report of the plan in accordance with the American Institutes of Certified Public Accountants (AICPA) Statements on Standards for Accounting and Auditing Review Services. Since a review does not constitute an audit, the financial statements pertaining to the Plan are presented unaudited in this report as part of the Borough's Trust Fund.

14. Post-Employment Benefits

The State of New Jersey sponsors and administers the following post-retirement health benefit program covering substantially all eligible local government employees from local participating employers.

State Health Benefit Program Fund- Local Government Retired (the Plan) (including Prescription Drug Program Fund) - N.J.S.A. 43:3c-24 established a separate trust fund for certain non-State participating employers to provide funding for State Health Benefit Program coverage to its eligible retirees. Under the provisions of Chapter 330, P.L. 1997, the State of New Jersey provides partially funded benefits to local police officers and firefighters who retire with 25 years of service (or on disability) from an employer who does not provide coverage. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program by paying the cost of the insurance for themselves and their covered dependents. For additional information about the Plan, please refer to the State Division of Pensions and Benefits (Division's) Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions.

14. Post-Employment Benefits (Continued):

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: I) retired on a disability pension; or 2) retires with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retires and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiation agreement.

In accordance with Chapter 330, P.L. I 997, which is codified in N.J.S.A. 52: 14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to quality for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Pursuant to Chapter 78, P.L., 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level coverage.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be assessed via, the New Jersey, Division of Pensions and Benefits website at www.state.nj. us/treasury/pensions.

Measurement Focus and Basis of Accounting

The financial statements of the OPEB plan are prepared in accordance with U.S. generally accepted accounting principles as applicable to government organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB). The accrual basis of accounting is used for measuring financial position and changes in net position of the other postemployment benefit plan. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

Investment Valuation

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

As of June 30, 2019, the most recent measurement date available, the State had \$13,546,071,100 unfunded actuarial liability for other postemployment benefits (OPEB) which is made up of \$5,525,718,739 for state non-employer active and retired members, \$8,020,352,361 for local participating employer active and retired members.

The funded status and funding progress of the OPEB includes actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

14. Post-Employment Benefits (Continued):

Funded Status and Funding Progress (Continued):

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the June 30, 2019 OPEB actuarial valuations, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

Plan Membership and Contributing Employers

At June 30, 2018, the OPEB plan membership and contributing employers consisted of the following:

Local Government Retired	June 30, 2018
Active Plan Members	63,032
Inactive Plan Members or Beneficiaries Currently Receiving Benefits	27.871
Total Plan Members	90,903

Contributing Employers

Post-Retirement Medical Benefits Contribution

The funding policy for the OPEB plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are collected from the State of New Jersey, participating local employers, and retired members. The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1967, as disclosed previously. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis.

The State sets the employer contribution rate based on a pay-as-you-go basis rather than the actuarial determined contribution an amount actuarially determined in accordance with the parameters of GASB Statement No. 75. The actuarial determined contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and any unfunded actuarial liabilities (or funding excess) of the plan-using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the Plan. The Borough's contributions to the State Health Benefits Program Fund Local Government Retired Plan for post-retirement benefits for the years ended December 31, 2020 and 2019 \$261,630.03 and \$263,163.35, respectively, which equaled the required contributions for each year. Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Borough of East Rutherford on a monthly basis. Funds for retiree health premiums are raised each year in the municipality via property taxes.

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The regulatory basis of accounting requires participating employers in the State Health Benefit Program Fund -Local Government Retired Plan to disclose in accordance with GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pension (GASB No. 75) their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense excluding that attributable to retiree-paid member contributions. The employer allocation percentages presented are based on the ratio of the contributions made as an individual employer toward the actuarially determined contribution amount to total contributions to the plan during the fiscal years ended June 30, 2019. Employer allocation percentages have been rounded for presentation purposes.

14. Post-Employment Benefits (Continued):

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued):

At December 31, 2019, the Borough reported a liability of \$9,327,012, for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2019 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2019. The Borough's proportionate share of the net OPEB liability was based on the ratio of the Borough's proportionate share of the OPEB liability attributable to the Borough at December 31, 2019 to the total OPEB liability for the State Health Benefit Program Fund- Local Government Retired Plan at June 30, 2019. As of the measurement date of June 30, 2019, the Borough's proportionate share was .068854 percent, which was a decrease of .012256 percent from its proportionate share measured as of June 30, 2018 of .081110 percent.

For the year ended December 31, 2019 the Plan has determined the Borough's OPEB expense/adjustment of (\$345,454) based on the actuarial valuations which is less than the actual contributions reported in the Borough's financial statements of \$261,630.03 At December 31, 2019, measured at June 30, 2019, the Borough's deferred outflows of resources and deferred inflows of resources related to the OPEB plan which are not reported on the Borough's financial statements are from the following resources:

		June 30	, 201	9
	D	eferred	1	Deferred
	Ou	tflows of		Inflow of
	Re	esources	Ī	Resources
Difference between expected and actual experience	\$		\$	2,727,582.00
Changes of assumptions				3,305,286
Net difference projected and actual earnings on OPEB plan investments		7,683		
Changes in proportion and differences between Borough's and proportionate share of contributions Borough contributions subsequent to the measurement date		668,169		2,549,545
Total	\$	675,852	\$	8,582,413
	_		-	

At June 30, 2019, the amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB plan will be recognized in OPEB expense as follows:

	Year E	nded June 30:
2020	\$	(981,308)
2021		(981,308)
2022		(981,910)
2023		(982,884)
2024		(983,773)
Thereafter		(1,114,000)
Total	\$	(6,025,184)

Changes in Proportion

The previous amounts do not include employer specific deferred outflows and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average remaining useful life of all plan members, which is 8.05.8.14 and 8.04 years for the 2019,2018, and 2017 amounts, respectively.

14. Post-Employment Benefits (Continued):

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Actuarial Assumptions

The Borough's total OPEB liability reported for the year ended December 31, 2019 was based on the June 30, 2019 measurement date as determined by an actuarial valuation as of June 30, 2018, which was rolled forward to June 30,2019. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

Inflation rate: 2.50%

Salary Increases*:

 PERS-Through 2026
 2.00-6.00%

 Thereafter
 3.00-7.00%

 PFRS- Rate for Future Years
 3.25-15.25%

Mortality:

PERS Pub-2010 General classification headcount weighted mortality

with fully generational mortality improvement projections from

the central year using Scale MP-2019.

PFRS Pub-2010 Safety classification headcount weighted mortality

with fully generational mortality improvement projections from

central year using Scale MP-2019.

Actuarial assumptions used in the July 1, 2019 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2019 and July 1, 2014 to June 30, 2019, respectively.

100% of active members are considered to participate in the Plan upon retirement.

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially 5.7% and decreases to a 4.5% long-term trend rate after eight years. For post-65 medical benefits, the actual fully insured Medicare Advantage trend rates for fiscal year 2020 are reflected. The assumed post-65 medical trend is 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long-term trend rate after eight years.

Long-Term Expected Rate of Return

As the OPEB plan only invests in the State of New Jersey Cash Management Fund, the long-term expected rate of return on OPEB investments was based off the best-estimate ranges of future real rates of return (expected returns, net of OPEB plan investment expense and inflation) for cash equivalents, which is 2.00% as of June 30, 2019.

Discount rate

The discount rate used to measure the total pension liability was 3.50% as of June 30, 2019. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

^{*}Salary increases are based on years of service within the respective plan.

14. Post-Employment Benefits (Continued):

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Sensitivity of Net OPEB Liability to Changes in the Discounts Rate

The following presents the Borough's proportionate share of the OPEB net liability as of June 30, 2019 calculated using the discount rate of 3.50%, as well as what the Borough's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	June 30, 2019					
	1	% Decrease 2.50%		Rate 3.50%	1	% Increase 4.50%
Borough's proportionate share of the net OPEB						
liability	\$	10,784,393	\$	9,327,012	\$	8,142,69

Sensitivity of Net OPEB Liability to Changes in the Healthcare Trend Rate

The following presents the Borough's proportionate share of the OPEB net liability as of June 30, 2019 calculated using the healthcare trend rates as disclosed above as well as what the Borough's proportionate share of the net OPEB liability would be if it were calculated using healthcare trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current rate:

	Health Cost Trend Rates					
	1% Decrease Rate 1% Ir				% Increase	
Borough's proportionate share of the net OPEB						
liability	\$	7,870,848	5	9,327,012	\$	11,184,59

14. Post-Employment Benefits (Continued):

OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Special Funding Situation

Under N.J.S.A. 43:3C-24 the Borough is responsible for their own OPEB contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 330, P.L. 1997 and Chapter 271, P.L., 1989. Under Chapter 330, P.L. 1997, the State pays the premiums or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium of periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989. The amounts contributed on behalf of the Borough by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 75 and the State is treated as a non-employer contributing entity. Accordingly, the Borough's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 75 is zero percent and the State's proportionate share is 100% of OPEB under this legislation.

At December 31, 2019 (measured at June 30,2019), the State's proportionate share of the net OPEB liability attributable to the Borough for the OPEB special funding situation is \$8,526,184. For the year ended December 31, 2019 the plan has determined the State's proportionate share of the OPEB expense attributable to the Borough for the OPEB special funding situation is \$113,017. At December 31, 2019, (measurement date June 30, 2019), the State's share of the OPEB liability attributable to the Borough was .154300 percent. The State's proportionate share attributable to the Borough was developed based on eligible plan members subject to the special funding situation. This data takes into account active members from both participating and non-participating employer locations and retired members currently receiving OPEB benefits.

OPEB Plan Fiduciary Net Position

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at www.state.ni,us/treasury/pensions.

15. Risk Management

The purpose of the South Bergen Municipal Joint Insurance Fund is to administer employee life, health, property and liability, worker's compensation, unemployment, and disability insurance programs of the Borough on a cost reimbursement basis. This fund accounts for the risk financing activities of the Borough but does not constitute a transfer of risk from the Borough. For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years. The fund continues to provide broader coverage than the conventional insurance market at a lower premium. According to the Borough's insurance manager, Professional Insurance Associates, Inc., the fund actuary has reported that all funds of which the Borough is a member are financially sound. The Borough has contracted with the State of New Jersey sponsored health coverage for its employees.

16. Compensated Absences

The Borough's policy to compensate police officers for unused sick time amounted to \$119,864.74 in 2020 and was paid in 2020, and \$95,542.48 in 2019 paid in 2019, respectively. Other Borough employees are permitted to accrue unused sick pay which may be taken as time off or paid at a later date at an agreed upon rate. It is estimated that the total cost of accumulated absence is \$988,923.26 for 2020 and \$795,650.67 for 2019.

17. Contingent Liabilities

Litigation

The Borough is a party defendant in some lawsuits, none of a kind unusual for a municipality of its size and scope of operation. In the opinion of the Borough's Attorney, the potential claims against the Borough not covered by insurance policies would not materially affect the financial condition of the Borough.

Pending Tax Appeals

Various tax appeal cases were pending in the tax court at December 31, 2020 and 2019. Amounts claimed have not been determined. The Borough is vigorously defending its assessments in each case. Under the accounting principles prescribed by the DLGS, the Borough does not recognize a liability, if any, until these cases have been adjudicated and may be material. Funding of any ultimate liability would be provided for in succeeding years' budget, fund balance or property tax refunding bond ordinances.

Federal and State Awards

The Municipality participates in several federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Borough may be required to reimburse the grantor government. As of December 31, 2020 and 2019, significant amounts of grant expenditure have not been audited by the various grantor agencies but the Borough believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the Borough.

Health Insurance Waiver

The Borough offers health insurance waivers in an amount of the lesser of \$5,000 or the actual net insurance cost to employees that can show that coverage is provided by a spouse or other means. In 2020 the Borough had two employees that received the health insurance waiver incentive and was paid \$5,000 each.

18. Investment Valuation

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

19. GASB 77: Tax Abatements

Under N.J.S.A. 40A:20-12, each municipality is required to annually remit he County five percent (5%) of the annual service charge for each long-term PILOT financial agreement entered into by the municipality. The Borough has entered into several property tax abatement agreements in order to provide incentives to redevelop areas that are in need of improvement or to create economic growth. These agreements are authorized under various New Jersey state statutes. The following represent the Borough's tax abatement agreements for the year ended December 31, 2020.

			2020

		\$ 9,0	41,708,30			- 3	84,216,748.16	- 5	75,175,039.86

20. Federal Arbitrage Regulations

Municipalities are subject to Section 148 of the IRC as it pertains to the "arbitrage rebate" on all tax-exempt obligations. Under 1986 TRA, the IRS required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. Excess earnings may be required to be rebated to the IRS. Bond Counsel should be engaged to calculate the estimated arbitrage earnings due to the IRS, if any.

21. Liquidity, Management Plans and Intentions

Due to COVID-19 Pandemic, the Borough had to adjust its operations in 2020 and 2021 to continue to provide services to taxpayers. The Pandemic did not have a significant impact on the financial statements of the Borough for the year ended December 31, 2020. However, the Pandemic did result in the State of New Jersey taking steps to award additional grant monies to help offset some additional costs incurred related to public health. Additionally, the Borough prepared and balanced the 2021 budget and considered the potential impact the Pandemic could have on Borough operations. Management believes that the fund balance available as of December 31, 2020, and the anticipated revenues from taxes, grants, and other revenues will be sufficient to meet the Borough's financial needs for one year from the date of issuance of this report.

22. Subsequent Events

The Borough approved its 2021 budget on May 19, 2021 and the scheduled Adoption date is July 21, 2021.

On May 18, 2021, the Borough introduced Bond Ordinance # 2021-04 for Road Resurfacing in the amount of \$2,000,000, authorizing \$1,900,000 in debt and providing \$100,000 as a down payment from capital improvement fund.

On May 18, 2021, the Borough introduced Bond Ordinance # 2021-05 for Various Improvements in the amount of \$800,000, authorizing \$800,000 in debt and providing \$40,000 as a down payment from capital improvement fund.

On May 18, 2021, the Borough introduced Refunding Bond Ordinance # 2021-16 for BCIA 2014 Refunding Bonds for the purpose of refunding the 2014 BCIA bonds in the amount of \$2,800,000.

BOROUGH OF EAST RUTHERFORD NOTES TO REQUIRED SUPPLEMENTARY INFORMATION Pension Schedules FOR THE FISCAL YEAR ENDED JUNE 30, 2020

Exhibit G-3

Police & Firemen's Retirement System

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service, and disability benefits after 4 years of service

Changes of assumptions. Pre-retirement mortality rates were based on the Pub-2010 Safety Employee mortality table with a 105.6% adjustment for males and 102.5% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For healthy annuitants, postretirement mortality rates were based on the PUB-2010 Safety Retiree Below-Median Income Weighted mortality table with a 96.7% adjustment for males and 96% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries, the Pub 2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates were based on the Pub-2010 Safety Disabled Retiree mortality table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30,2018.

Public Employees' Retirement System (PERS)

Changes of benefit terms. The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

Changes of assumptions. Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Postretirement table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30,2018.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of the Borough Council Borough of East Rutherford, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), the financial statements – regulatory basis (the "financial statements") of the Borough of East Rutherford, State of New Jersey (the "Borough"), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise Borough's basic financial statements, and have issued our report thereon dated September 21, 2021 As described in Note 1, the Borough prepares its financial statements on a basis of accounting prescribed by the Division that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and audit requirements as prescribed by the Division.

Borough's Response to Findings

The Borough's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. The Borough's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough's internal control or on compliance. This report in an integral part of an audit performed in accordance with Government Auditing Standards and audit requirements as prescribed by the Division in considering the Borough's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

BOROUGH OF EAST RUTHERFORD NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AND STATE FINANCIAL ASSISTANCE DECEMBER 31, 2020

I. General

The accompanying schedules present the activity of all federal and state financial assistance programs of the Borough of East Rutherford (the "Borough"). All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other government agencies is included on the schedule of expenditures of awards.

2. Basis of Accounting

The accompanying schedules are presented using the modified accrual basis of accounting as prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). which differ in certain respects from generally accepted accounting principles (GAAP) applicable to local government units. This basis of accounting is described in Note 1C of the Borough's financial statements.

3. Relationship of Financial Statements

Amounts reported in the accompanying schedules agree with amounts reported in the Borough's financial statements, exclusive of the unappropriated reserves. Financial assistance awards are reported in the Borough's financial statements on a basis of accounting described above as follows:

		Federal		State	Co	unty/Other		Total
Grant / Current Fund Trust Fund Capital Fund	S	60,749.32 572,871.57	\$	102,578.21	\$	4,062.29	S	167,389.82 572,871.57
	S	633,620.89	s	102,578.21	s	4,062.29	5	740,261.39

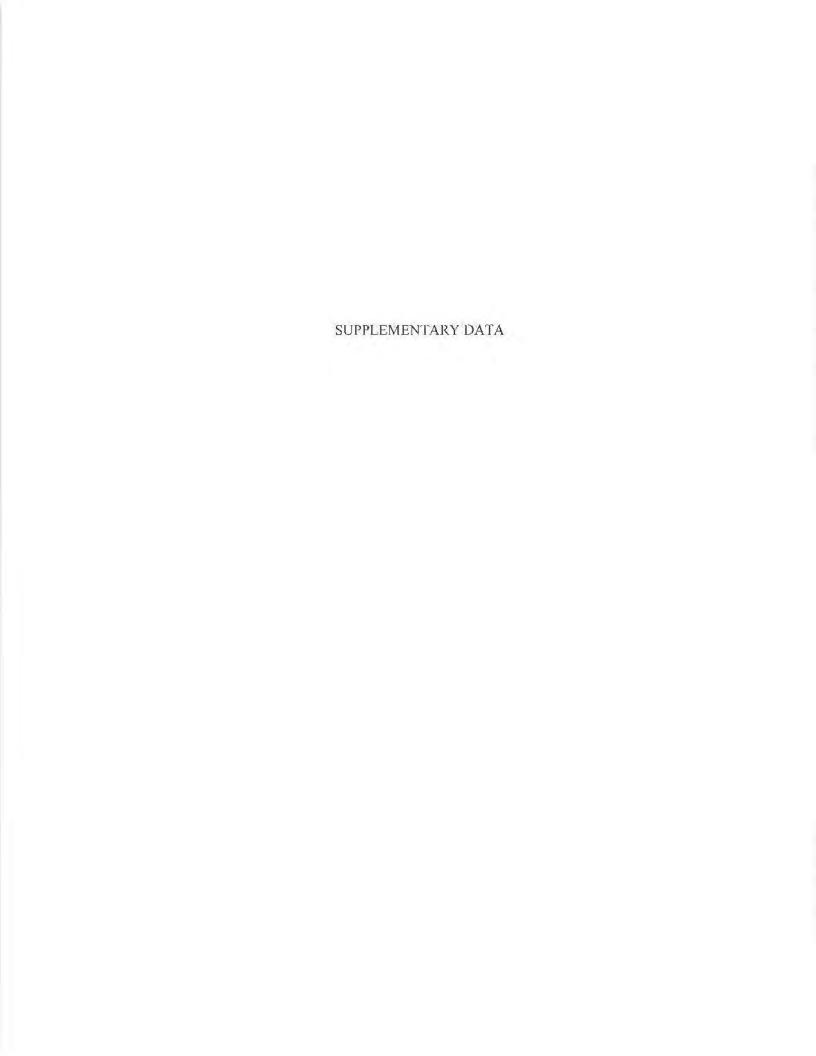

4. Relationship to Federal and State Financial Reports

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

5. State Loans Outstanding

The Borough's state loans outstanding at December 31, 2020, which are not required to be reported on the schedule of expenditures of state financial assistance, are as follows:

Loan Program	State Account Number	State
Green Trust Program	#0212-03-055	\$ 53,558.41
Green Trust Program	#0212-02-046	\$ 140,398.80
Green Trust Program	#0212-01-023	\$ 194,833.80
Green Trust Program	#0212-08-014	\$ 151,825.53

All other listed officials are covered by the Faithful Performance and Employee Dishonesty Bond issued by the South Bergen County Municipal Joint Insurance Fund in the amount of \$1,000,000.00.

Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4

N.J.S.A. 40A:11-4 states "Every contract awarded by the contracting agents, for the provision or performance of any goods or services, the cost of which in the aggregate exceed the bid threshold [40A:11-3" a contract year the total sum of \$17,500...If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L.1971, c.198 (C.40A:11-9), the governing body of the contracting unit may establish that the bid threshold may be up to \$44,000."], shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law."

N.J.S. 40A:11-9 states "The governing body of any contracting unit may by ordinance, in the case of a municipality, by ordinance or resolution, as the case may be, in the case of a county, or by resolution in all other cases, establish the office of purchasing agent, or a purchasing department or a purchasing board, with the authority, responsibility, and accountability as its contracting agent, for the purchasing activity for the contract in unit, to prepare public advertising for bids and to receive bids for the provision or performance of goods or services on behalf of the contracting unit and to award contracts permitted pursuant to subsection a. of section 3 of P.L.1971, c. 198 (C.40A:11-3) in the name of the contracting unit, and conduct any activities as may be necessary or appropriate to the purchasing function of the contracting unit."

The Governing Body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$44,000 (@July 1, 2020) within the calendar year or any twelve-month period. Where questions arise as to whether any contract or agreement might result in a violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

The minutes indicate that resolutions were adopted and advertised, authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of \$44,000 (@ July 1, 2020) "for the performance of any work, or the furnishing or hiring of any materials or supplies," other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

Expenditure of \$6,600 or more and less than \$44,000 (@ July 1, 2020) Per N.J.S.A. 40A:1 I-6.1

N.J.S.A 40A:11-6.1 states, "a. For all contracts that in the aggregate are less than the bid threshold but 15 percent or more of that amount, and for those contracts that are for subject matter enumerated in subsection (1) of section 5 of P.L.1971, c.198 (C.40A:11-5), except for paragraph (a) of that subsection professional services and paragraph (b) of the subsection concerning work by employees of the contracting unit, the contracting agent shall award the contract after soliciting at least two competitive quotations, if practicable. The award shall be made to a vendor whose response is most advantageous, price and other factors considered. The contracting agent shall retain the record of the quotation solicitation and shall include a copy of the record with the voucher used to pay the vendor. Whenever two or more responses to a request of a contracting agent offer equal prices and are the lowest responsible bids or proposals, the contracting unit may award the contract to the vendor whose response, in the discretion of the contracting unit, is the most advantageous, price and other factors considered. In such a case, the award resolution or purchase order documentation shall explain why the vendor selected is the most advantageous."

Borough of East Rutherford General Comments (Continued) For the Year Ended December 31, 2020

Collection of Interest of Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The Governing Body on January 1, 2020 adopted the following resolution authorizing interest to be charged on delinquent taxes:

WHEREAS, N.J.S.A. 54:4-67 permits the governing body of each municipality to fix the rate of interest to be charged for nonpayment of taxes or assessments subject to any abatement or discount for the late payment of taxes as provided by law; and

WHEREAS N.J.S.A. 54:4-67 has been amended to permit the fixing of said rate of 8% per annum on the first \$1,500.00 of the delinquency and 18% per annum on any amount in excess of \$1,500.00 and allows an additional penalty of 6% be collected against a delinquency prior to the end of the calendar year;

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Borough Council of the Borough of East Rutherford, County of Bergen, State of New Jersey as follows:

- 1. The Tax Collector is hereby authorized and directed to charge 8% per annum on the first \$1,500.00 of taxes becoming delinquent after due date and 18% per annum on any amount of taxes in excess of \$1,500.00 becoming delinquent after due date, and if delinquency is in excess of \$10,000.00 and remains in arrears beyond December 31, an additional penalty of 6% shall be charged against the delinquency. Delinquent real estate taxes for 2019 will be advertised for sale after April 1, 2020.
- 2. There is a ten-day grace period of quarterly tax payments made by cash, check, or money order.
- 3. Any payments not made in accordance with paragraph two of this resolution shall be charged interest from the due date as set forth in paragraph one of this resolution.

It appears from an examination of the Collector's records, that interest was collected in accordance with the foregoing resolution.

Collection of Interest on Delinquent Utility Rents

The Governing Body on January 1, 2020 adopted the following resolution authorizing interest to be charged on delinquent utility rents:

WHEREAS, the statutory maximum interests permitted to be charged for unpaid fees is one and one-half (1 1/2 %) percent per month;

WHEREAS, the East Rutherford Public Works & Utilities Commission has had a policy of charging one and one-half (1 1/2%) percent per month interest on any unpaid balances; and

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council that effective January 1, 2020, all past due balances to the East Rutherford Public Works & Utilities Commission shall accrue interest at the rate of one and one-half (1 1/2 %) percent per month.

Status of Prior Year Findings

"None"

Borough of East Rutherford
Summary Schedule of Prior Year Audit Comments/Recommendations
Year Ended December 31, 2020

Internal Controls:

*19-01 Recommendation:

That all monies collected must be deposited or transmitted to the treasurer within 48 hours of receipt.

Status: Corrective action has not been taken.

*19-02 Recommendation:

That expenditures be monitored for compliance with the Local Public Contracts Law.

Status: Corrective action has not been taken.

*19-03 Recommendation:

That documentation be requested from vendors prior to the disbursement of monies from the Borough.

Status: Corrective action has been taken.

19-04 Recommendation:

That controls be implemented and maintained to ensure that all required documentation be available for inspection.

Status: Corrective action has been taken.

Construction Code

*19-05 Recommendation:

That the Borough update the construction code fee ordinance and the borough's website to agree with the building department's permit software.

Status: Corrective action has not been taken.

Payroll

*19-06 Recommendation:

That controls be implemented and monitored to ensure that all required forms are included in employee files.

Status: Corrective action has not been taken

Municipal Court

*19-07 Recommendation:

That all monies collected must be deposited within 48 hours of receipt.

Status: Corrective action has not been taken

Borough of East Rutherford Audit Comments and Recommendations For the Year Ended December 31, 2020

Current Fund

*Finding 20-01

Deposits into the Current and Construction Code bank accounts did not comply with N.J.S.A. 40A:5-15, and were not deposited or transmitted to the treasurer within 48 hours of receipt.

Recommendation:

That all monies collected must be deposited or transmitted to the treasurer within 48 hours of receipt.

*Finding 20-02

Purchases from four vendors including preventative building and grounds maintenance, roof repairs, Borough Hall upgrades and building improvements and emergency generators exceeded the bidding threshold in aggregate and were not advertised for bids in accordance with the Local Public Contracts Law.

Recommendation:

That expenditures be monitored for compliance with the Local Public Contracts Law.

Tax Department

Finding 20-03

The tax department posting errors included a material tax payment that was posted incorrectly to another account, creating an overstated delinquency in one account and an overstated prepaid amount in another. Several tax accounts with tax appeal credits were refunded to the taxpayers but the refund of the tax appeal was not posted to the tax accounts, and subsequently, the overpayment created by the appeal was applied to subsequent tax year. Some of the errors were not detected and corrected until 2021.

Recommendation:

That the tax payments be posted more carefully to ensure proper recording and accuracy of the tax accounts and that all tax appeal refunds be timely posted to the tax accounts in order to prevent any double credits resulting from a refund and an overpayment applied to subsequent taxes. Detailed tax reports and refund reports should be reviewed periodically for any possible errors so that they can be detected and corrected timely within the same calendar year.

Construction Code

*Finding 20-04

The construction code fee ordinance and the Borough's website did not include all of the fees charged as per the building department's permit software, and it included stale state training fee rates to be charged by permit. Although the state DCA fees were charged correctly in the permit software, it was noted that the fee ordinance and the website listed outdated fee rates. Also, permit fees were miscalculated in error, resulting in an undercharge and an overcharge of the permit fee.

Recommendation:

That the Borough update the construction code fee ordinance and the borough's website to agree with the building department's permit software and that more care be exercised when calculating the permit fees to ensure the fees charged are correct.

^{*} Repeated from prior year's audit.

Borough of East Rutherford Audit Comments and Recommendations For the Year Ended December 31, 2020

Payroll

*Finding 20-05

During the examination of employee files, it was noted that numerous employee files did not include required IRS Forms I-9 and/or W-4.

Recommendation:

That controls be implemented and monitored to ensure that all required forms are included in employee files.

Finding 20-06

Instances that an incorrect plan premium was used to calculate employee health benefit contributions. An instance that an employee's position changed creating an incorrect amount being deducted for health benefit contributions.

Recommendation:

That controls be implemented and monitored to ensure that employee health benefit contributions are accurate.

Finding 20-07

The Form 941 (Employers Quarterly Federal Tax Return) social security wages reported did not agree to the Form W-3 (Annual Transmittal of Wage and Tax Statements) wages reported.

Recommendation:

That controls be implemented and monitored for the Borough to reconcile its 941's (Employers Quarterly Federal Tax Return) to its Form W-3 (Annual Transmittal of Wage and Tax Statements).

Municipal Court

*Finding 20-08

Bail and general account receipts were not always deposited in the bank within 48 hours.

Recommendation:

That all monies collected must be deposited within 48 hours of receipt.

Appreciation

We desire to express our appreciation of the assistance and courtesies rendered by the Borough Officials and employees during the year.

The problems and weaknesses noted in our review were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.
