

## Save 31% on electricity when you enroll in community solar.

Did you hear the great news? **Solar Landscape** is offering East Rutherford residents the opportunity to enroll in a new community solar project going live in 2025! This initiative is part of the New Jersey Community Solar Energy program and is available to all residents to help reduce your energy bills.

**East Rutherford residents can enroll now to get a 31% discount** on their solar credits starting in the spring of 2025. You'll be assigned a share of a local community solar project and receive the discount directly on your PSE&G bill, reducing what you pay for electricity. There are no panels to install, no fee to enroll, and PSE&G will remain your utility. Plus, you can cancel any time without penalty.

### Here's what you'll get with community solar:

Guaranteed 31% savings on solar credits applied to your PSE&G electricity bill

No panels to install on your roof

No upfront costs- and you can cancel anytime

To learn more or enroll, please scan the QR code and visit [solarlandscape.com/nj/eastrutherford](https://solarlandscape.com/nj/eastrutherford) or call Solar Landscape at 732-589-7529 and use the invite code ERUTH. You'll need your PSE&G utility account number to complete your enrollment.
